An aerial photograph of London, England, featuring the River Thames and the Tower Bridge. The city's dense urban landscape is visible, with numerous buildings and green spaces. The river flows through the center, with several boats and docks. The Tower Bridge is prominently featured in the lower left, with its two towers and suspension cables clearly visible. The overall tone is dark and moody, with a sepia-like color palette.

SINGLE-FAMILY OFFICE

Innovative Strategies

In the progress of others, lies our own

ABOUT US

SMS Investments is a London-based private family office and proprietary trading firm focused on momentum-driven strategies across public equity markets in the United Kingdom, Western Europe, and the United States. Leveraging internal capital, we combine disciplined execution, rigorous risk management, and global market expertise to identify high-conviction opportunities.

Originally founded as Suraj Mal Shah (SMS) Investments, the firm evolved from its roots in management and investment consulting into the family office it is today. Guided by integrity, discipline, and a commitment to knowledge-sharing, we actively support the next generation of investors through mentorship, internships, and practical market education.

Our legacy is built on experience, strong relationships, and a passion for excellence in global capital markets.

CAPABILITIES

Five pillars supporting a single disciplined investment philosophy.

Disciplined, conviction-driven capital allocation.

We deploy proprietary capital through a structured investment process that combines technical analysis, market trends, and risk-adjusted decision making.

Investment Strategy

NEWSLETTER

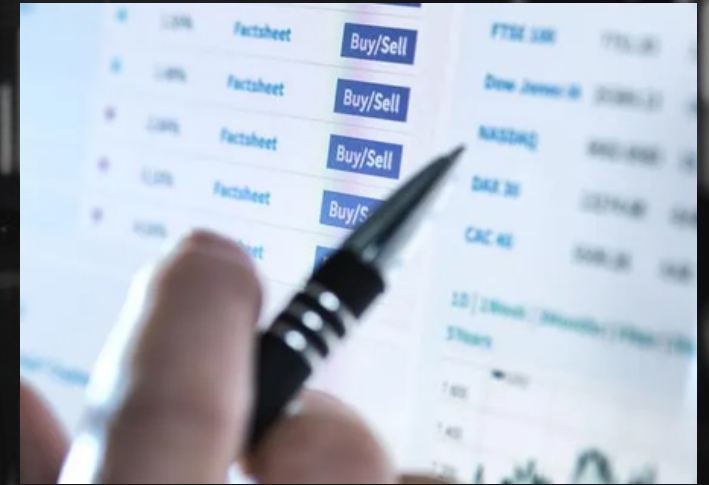

Exploring market trends, investment strategies, and economic insights for informed financial decision-making and growth.

Analysis on the global financial trends, market conditions, and economic policies affecting the US, China, Russia, India, and Europe, providing technical forecasts and key geopolitical insights.

China's threats over Taiwan, India's market leverage, US economic stability, Russian warships in Cuba, and technical analysis of various stocks and commodities.

BOJ interventions, rising U.S. yields, NIFTY symmetry, India's corporate governance, tech dominance in S&P 500, and technical analysis of various stocks.
